

Here's what happened in worship this past Sunday.

This week in worship we heard from the gospel of Luke, in this passage we hear Jesus speaking to the disciples. He tells a story of a rich man who had a manager. Upon hearing that the manager is wasting the master's wealth he calls him to account for the losses. Knowing that he is done for the manager lessens the debt of those who work with his master. This way he earns favor with them. Jesus closes saying that whoever is dishonest in a little will be dishonest in a lot, and that you can not serve both money and God. In the Sermon Pastor Nathan tried to make sense of this confusing passage. He used an example of spending time playing in nature. In the shorts moments playing in a creek Pastor's family were stewards of the space using it but not destroying it so others could play. In these and other moments of abundance we are called to take care of what is given to us and use it to care for others. We left Sunday knowing that we are both well cared for and responsible to care for others.
